The waterline extends the total length of Seth Cole Road, as it is drawn on the map, but not very close to the shaded area of your map.

Great, Thank you!

Does the water line extend any further along Graybow Rd and/or Seth Cole Road or are both beginning and ending points correct?

Talene Kaltakjian:

All of your information seems to be current. There are no other water lines besides the 8" line along the shaded south side shown on the map you had attached. Please let us know if we can be of more assistance.

Thank you,
Ray Hauser

Subject: Request to Confirm Provider Information

Mr. Hauser:

A site just west of the Beauregard Airport was examined a few years ago by SJB Group. We were hired by Louisiana Economic Development to re-examine the site and confirm the utility information. SJB spoke with you and were provided with the attached water utility information which includes the capacities and locations of your utility lines. It appears that the water lines mapped are incomplete. If you could confirm the information in the attached form, and the location of the utility lines displayed on the map that would be much appreciated. Also, let me know if more water lines exist in the map's vicinity.

Thank you

Talene Kaltakjian
