Louisiana Certified Sites Program Application

Site name	Johnny F. Smith Business Park, Phase 2	
Street Address or other physical location	501 J. F. Smith Avenue	
City/town(nearest), State, and Zipcode	Slidell, LA 70460	
Parish	St. Tammany	
Contact person and title (owner, Director, etc.)	Chris Jean - Owner	
Organization	Johnny F. Smith Business Park, LLC	
Address	501 J. F. Smith Avenue	
City/State/Zip	Slidell, LA 70460	
Telephone	Office 985-645-9082	Cell 985-960-1818
E-mail	acjean@bellsouth.net	

Statement of Affirmation

I have examined this application and all accompanying materials, and to the best of my knowledge, the information provided herein is correct and complete. I will notify Louisiana Economic Department in writing of any subsequently discovered errors in the information provided and will clarify, amend or supplement any information as requested by the department.

In submitting this application, I do freely participate in the Louisiana Certified Sites Program. Certification of the site by Louisiana Economic Development is made at its sole discretion and its decision is not appealable.

I therefore request certification pursuant to this application.

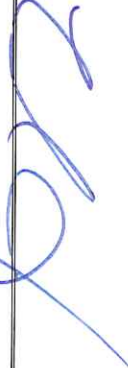

Signature 	Owner Title	Date 6/22/12

Required/Desired Documents Check List	40

Foreword

As you prepare to undertake the LED certification process, please understand that you are preparing, in effect, a *proposal to a prospective buyer*. Do not think of this document as “busy work” necessary to get your site certified by LED. That could be a big mistake. The exhibits being required herein will go, in their entirety, to prospective buyers from across the US and, potentially, across the globe. Do your best effort to have high-quality exhibits that will represent you and your site well with all prospective buyers. Do not short-change your site with hastily prepared exhibits. Take your time and show your site in its best light. A minimum quality submittal will get minimal interest from buyers.

Prospective buyers that contact LED are often considering multiple states. Your site submittals may be compared to a dozen sites under consideration from other states. Do what you can via enhanced submittals to make sure your site makes it to the second round and you get a site visit from the buyer.

Instructions

Save yourself time, effort, and rework. Please read these Instructions carefully.

Also, to eliminate the need to complete this document a second time, please download the latest version from LED's website. Don't bother submitting an out-of-date version.

This is a “protected form.” Please enter all data into the white spaces provided. Do not enter data into the gray spaces, which are reserved for LED use only.

Pressing the TAB key will automatically take the user from blank to blank.

Requirement - Upper/Lower Case

All responses **MUST BE** in upper/lower case. Upper/lower case responses are easier to read. Responses in all **UPPER CASE** are the hardest to read and will be rejected.

Requirement - Descriptive Titles on All Exhibits

In order to prepare all submissions for inclusion in a hyperlinked submission to prospective buyers, LED requires that all exhibits be given very descriptive titles. Please give an exhibit a title as long as is necessary to properly describe the contents of the exhibit.

Submissions with brief, non-descriptive titles will be rejected. For example, the titles “Exhibit B – SHPO” and “Exhibit C – Wetlands” will both be rejected since they do not properly convey the contents of the exhibit. But, the titles “Exhibit B – SHPO Letter of Site Clearance” and “Exhibit C – Wetlands Delineation” are both acceptable since they do communicate the contents sufficiently to avoid unnecessary clicks by prospective buyers.

Requirement - Large, Clear Labeling of All Exhibits

All attachments submitted with the questionnaire should be CLEARLY labeled as exhibits: Exhibit A, Exhibit B, etc. All exhibits should also have a title: "Exhibit A – Property Boundary Survey," preferably at the top of the page.

NOTE: Applicants are requested NOT to use Brother "PTouch" and other similar tape-based labeling systems as this results in a significantly degraded exhibit when the tape-labeled exhibit is rescanned into the computer. Instead, use one of the myriad of the computer tools like Adobe Acrobat, discussed elsewhere herein, or PDF-Exchange (free) that allow users to submit 1st generation copies.

DO NOT place the exhibit label any closer than ½ inch from any edge of the exhibit as the exhibit name may be lost during any later scans of the image/document. Scanners often truncate text/graphics near edges.

The Exhibit labels (both exhibit number and title) need to be placed at the top of the page on the document itself. Exhibit labels should be in BOLD font and at least 16-points in size if the document allows.

Note: To accomplish the above, may require the applicant to purchase a copy of Adobe Acrobat (not to be confused with Adobe READER.) Adobe ACROBAT (~\$99) allows the used to edit PDF documents and place text at the top of any PDF file. So, if the user has a scanned PDF document of a letter from the Corps or a survey boundary, the user can label it properly to reflect the Exhibit number and title.

Requirement – Consistent Exhibit Naming

LED does not have any special requirement regarding exhibit numbering/naming except that all exhibits must have the same general format. If you use letters (a, b, c, etc.) to name your exhibits ("Exhibit A – XXXX"), then use letter designators on all exhibits. When you get to Exhibit Z, start over with Exhibit AA, AB, AC, until done. If you choose to use numbers to identify exhibits, then start at Exhibit "1" and increase the exhibit numbers by "1" until you are complete.

Requirement – All Exhibits Referenced at Least Once

Lastly, all exhibits should be referenced in the application at least once.

Requirement – Titles of Filenames Must Exactly Match Exhibit Names

It is the intent of the department to send an electronic copy to prospective purchasers. For that reason, LED is asking that all documents be submitted in both hardcopy and electronic form. In addition to 16-point exhibit names on the top page of each document (discussed above), all files submitted electronically should have a similar filename. That is, the "Exhibit A – Property Boundary Survey", when submitted electronically, should have a filename similar to: "Exhibit A – Property File Survey."

Note: It is critical that the documents in electronic form be clearly labeled: the titles ("filenames") of the electronic files must contain 1) exhibit numbers and 2) document contents AND the document when opened, should have the 1) Exhibit number and 2) title prominently (16-point or larger as mentioned above) at the top of the page.

Requirement – Map Specifications and Quality

The site must be clearly outlined on all maps, aerial photos, etc. in a wide line that contrasts sharply with the surrounding colors on the map/photo.

Maps showing utilities (pipelines, electrical, sewer, etc.) should clearly delineate the utility by using wide lines drawn in contrasting colors.

All maps should be first generation copies; prospective buyers will have a difficult time reading 2nd and 3rd generation maps.

Requirement – Roadway Maps

At least one map should be included to show the roadways in the area of the site. At least one roadway map should highlight the nearest Interstate highway; prospective buyers are always interested in interstate access. If the nearest interstate is too far from the site to show local highways in sufficient detail, a second roadway map zoomed in closer to the site should be included.

Requirement – Legible Exhibits

LED plans to send a high-quality set of the exhibits to all prospective buyers and interested parties. To accomplish that, all exhibits must be very legible. A 2nd or 3rd generation copy is not acceptable.

LED understands that some exhibits, especially those from courthouses, are only available via microfiche and the microfiche copies from a courthouse are not always the best. Original courthouse copies are acceptable even if of poor quality. Third and 4th generation copies of a poor-quality courthouse document are not acceptable.

If the only copy of a document you have, such a parish ordinance or deed, is of poor quality, it will be necessary to contact the appropriate authorities to get a clear copy.

Copies of color maps and aerial photographs should be original print copies; not copies of copies. Colors and lines blend together with each successive photocopy of a document and prospective buyers will not be able to distinguish key features.

Refrain from using scans of color documents/maps. Scanners are very poor at copying the minute details embedded within maps. Scanners are also very poor at reproducing colors accurately. Always produce original prints for maps, not scanned prints.

IMPORTANT NOTE: Some of the required maps, such as the National Resource Conservation Soils map, the FEMA floodplain map, the National Wetlands Inventory map, etc., must be submitted with the site clearly outlined. But, the on-line Federal mapping program only gives the user a PDF of the map. The federal automated mapping program does not give the user an opportunity to outline the site.

Even then, the user should NOT print a hardcopy of the PDF map, manually outline the site, and then scan the outlined map into the computer. Too many important details, colors and other pertinent data is lost via this process. This process results in a map of poor quality that will frustrate prospective buyers. Instead, while it might take a bit longer and may require the brief, one-time use of an IT person, the user must edit the PDF directly (without resorting to hardcopy edits) to place the site outline in a bright contrasting color with a wide line so the site is clearly delineated. There are numerous tools available from Adobe and others to accomplish this task.

Minimum Criteria for Entry into the Louisiana Certified Sites Program

Note: A site does not have to be certified to have its profile published on Louisiana Economic Development's interactive sites and building website.

- **Size:** At least 10 contiguous, buildable acres, free of impediments to development such as soil contaminants, wetlands, flood plain, protected species and/or cultural resources.
- **Price per Acre:** A price per acre or leasing price is required to certify and publish a site.
- **Property Control/Ownership:** Control of the site through option, purchase or other legally binding agreement must be obtained and maintained as a condition of certification. It is required the property can be obtained free and clear of encumbrances.
- **Zoning:** If the site is within an area with zoning, the site must be zoned (or capable of being rezoned with no problem within 180 days) or otherwise cleared for industrial applications. If zoned, a zoning district description and map are required.
- **Flood:** At least 10 contiguous, buildable acres must be above the 100 year flood plain. Alternatively, the applicant may provide a plan by which construction footprints can be elevated above the plain and meet FEMA standards.
- **Potable Water:** Delivery within 180 days of notification, either by line or by well, a minimum of 50,000 gallons of potable water per day. If an existing source of potable water is not available (existing line is more than 2,500 feet from the site), certification will require submission of a formal cost estimate, construction plan and funding source to meet the minimum level of service within a timetable of 180 days or less.
- **Sanitary Sewer:** Provide a minimum of 50,000 gallons per day of available sanitary sewer capacity within 180 days of notification. If existing capacity is not available (existing line is more than 2,500 feet from the site), certification will require submission of a formal cost estimate, construction plan, and funding source to meet the minimum level of service within a timetable of 180 days or less.
- **General Road Access:** The roads accessing the site must be able to support vehicles with a maximum gross weight of 83,400 pounds, such as semi-trucks and trailers.
- **Electricity:** Identify service provider or providers that can deliver 3-Phase service to the site within 180 days of execution. If existing capacity is not available at the site, certification will require submission of a formal cost estimate, construction plan and funding source to meet the minimum level of service within a timetable of 180 days or less.
- **Natural Gas:** Natural gas must be available within 2,500 ft of the site or available within 180 days of notification. If natural gas is not available (existing line is more than 2,500 feet from the site), certification will require submission of a formal cost estimate, construction plan, and funding source to meet the minimum level of service within a timetable of 180 days or less.
- **Listing:** The property owner must agree to have the site published by the Louisiana Economic Development on its interactive sites and building website.
- **Phase I Environmental Assessment:** The site must have undergone a Phase I environmental assessment as a prerequisite for being considered for participation in the certification process. The Phase 1 Environmental Assessment must be less than 10 years old from the date of submission for non-active sites (agricultural, fallow or forested lands) and less than 5 years old for sites engaged in active commerce within the last five years.
- **Remediated Sites:** If there are unresolved environmental issues, the site cannot be certified until a *No Further Action* letter or its equivalent from the Louisiana Department of Environmental Quality (DEQ) is provided or remediation efforts have been completed and documented according to DEQ standards.

Minimum Criteria Check List		
Criteria	Minimum Requirement	Yes/No
Acres above 100-yr flood plain	10 acres or greater	Yes
Price per acre	Price/Lease quoted in writing	Yes
Control of property	Ownership/Option/Other	Yes
Use classification (zoning)	If the site is in an area with zoning, the site must be zoned for industrial use (or capable of being rezoned to industrial use within 180 days) and, if zoned, a zoning map and zoning regulations attached.	Yes
Potable water	50,000 gpd or greater is available on site within 180 days. If the water source is greater than 2,500 ft from site, a construction plan and cost estimate is attached.	Yes
Wastewater	50,000 gpd or greater is available at the site within 180 days. If the nearest sewer line is greater than 2,500 ft away, a construction plan and cost estimate is attached.	Yes
Electricity	3-phase on site or a construction plan and cost estimate is attached.	Yes
Natural Gas	Must be available within 2,500' of the site or a construction estimate and plan for bringing to the site attached.	Yes
Environmental	Phase 1 (less than 10-yr old for agricultural, forestry and fallow sites; less than 5 years old for others) Phase 2 may be required if Phase 1 indicates issues exist on the property.	Yes
Highway access	Capable of supporting 83,400 pounds gross weight	Yes
Maps and Attachments	Have all REQUIRED Maps and attachments, as a minimum, been included with this submittal? (See list of REQUIRED/DESIRED Exhibits near the end of the form.)	Yes

I. Verification of Site Availability

A. Site Identification

1.	Site name	Johnny F. Smith Business Park, Phase 2	
2.	Address or physical location (include accurate latitude/longitude if available)	501 J. F. Smith Avenue 30°19'22.4"N 89°46'27.8"W	
3.	City/town (nearest), state/zipcode	Slidell, LA 70460	
4.	Parish	St. Tammany Parish	
5.	Contact person and title	Chris Jean - Owner	
6.	Address	501 J. F. Smith Avenue	
7.	City/State/Zip	Slidell, LA 70460	
8.	Telephone	Office 985-645-9082	Cell 985-960-1818
9.	E-mail Contact(s)	acjean@bellsouth.net	
10.	Total acres for lease/sale?	38.146	
	Total contiguous developable acreage above the 100-year flood plain	38.146	
11.	Number of parcels making up acreage	7	
12.	Number of owners of the separate parcels	1	
13.	Total selling price for all acres (\$)	\$3 / square foot	
14.	Total acreage annual lease (\$)	n/a	
	Is there a lease-purchase option? (YES/NO)	yes	
15.	If yes, description/comment on lease-purchase option: depends upon acreage		
	Is there a right-of-first-refusal feature? (YES/NO)	yes	

If yes, description/comment on right-of-first refusal option:				
This will apply for 2 contracts only.				
17.	Has a title abstract been submitted with this application? (YES/NO)			no
	If YES, Exhibit # and name of document?			Exhibit #1 - Johnny F. Smith Business Park - Title Insurance Records submitted in lieu of abstract.
18.	Is the acreage sub-divisible? If yes, complete box 18a. (YES/NO)			yes
18a	Parcel description	Acres	Lease or price per acre (\$)	Total Lease or selling price (\$)
	Section 27, T-8-S, R-14-E	38.146	\$103,680	\$3 / square foot

A. Site Identification (continued) – Owner#1 information

1.	Site name	Johnny F. Smith Business Park, Phase 2	
2.	Owner name	Johnny F. Smith Business Park, LLC	
3.	Contact person	Chris Jean	
4.	Address	501 J. F. Smith Avenue	
5.	City/State/Zip	Slidell, LA 70460	
6.	Telephone	Office 985-645-9082	Cell 985-960-1818
7.	E-mail	acjean@bellsouth.net	
8.	Total acres within the site owned by this owner	38.146	
9.	Total selling price of this acreage (\$)	\$3 / square foot	
10.	Total annual lease price of this acreage (\$)	n/a	
11.	Has an "intent to sell" letter from this owner regarding this acreage been included with this application? (YES/NO) If YES, please include Exhibit# and title of document.	yes - Exhibit #2 - Johnny F. Smith Business Park - Intent to Sell Letter	
12.	Comments regarding the immediate availability of this parcel: Parcel is available.		

A. Site Identification (continued) – Owner #2 information

1.	Site name	
2.	Owner name	
3.	Contact person	
4.	Address	
5.	City/State/Zip	
6.	Telephone	Office <input type="text"/> Cell <input type="text"/>
7.	E-mail	<input type="text"/>
8.	Total acres within the site owned by this owner	<input type="text"/>
9.	Total selling price of this acreage (\$)	<input type="text"/>
10.	Total annual lease price of this acreage (\$)	<input type="text"/>
11.	Has an "intent to sell" letter from this owner regarding this acreage been included with this application? (YES/NO)	<input type="text"/>
	If YES, include Exhibit# and name of document.	<input type="text"/>
12.	Comments regarding the immediate availability of this parcel: <input type="text"/>	

A. Site Identification (continued) – Owner #3 information

1.	Site name	
2.	Owner name	
3.	Contact person	
4.	Address	
5.	City/State/Zip	
6.	Telephone	Office Cell
7.	E-mail	
8.	Total acres within the site owned by this owner	
9.	Total selling price of this acreage (\$)	
10.	Total annual lease price of this acreage (\$)	
11.	Has an "intent to sell" letter from this owner regarding this acreage been included with this application? (YES/NO)	
	If YES, include Exhibit# and name of document.	
12.	Comments regarding the immediate availability of this parcel:	

A. Site Identification (continued) – Owner #4 information

1.	Site name	
2.	Owner name	
3.	Contact person	
4.	Address	
5.	City/State/Zip	
6.	Telephone	Office <input type="text"/> Cell <input type="text"/>
7.	E-mail	<input type="text"/>
8.	Total acres within the site owned by this owner	<input type="text"/>
9.	Total selling price of this acreage (\$)	<input type="text"/>
10.	Total annual lease price of this acreage (\$)	<input type="text"/>
11.	Has an "intent to sell" letter from this owner regarding this acreage been included with this application? (YES/NO)	<input type="text"/>
	If YES, include Exhibit# and name of document.	<input type="text"/>
12.	Comments regarding the immediate availability of this parcel: <input type="text"/>	

B. Option to Purchase Site (if applicable)

1.	Option holder	
2.	Contact person and organization (as appropriate)	
3.	Address	
4.	City	
5.	Telephone	Office <input type="text"/> Cell <input type="text"/>
6.	E-mail	<input type="text"/>
7.	Total number of acres under option to purchase	<input type="text"/>
8.	Option expiration date	<input type="text"/>
9.	Is the option assignable? (YES/NO)	<input type="text"/>
10.	Is there a mechanism to renew the option upon expiration? (YES/NO)	<input type="text"/>
11.	Has a copy of the option to purchase been included with this application? (YES/NO)	<input type="text"/>
	If YES, include Exhibit# and name of document.	<input type="text"/>
12.	Special comments, if any, relative to option to purchase:	<input type="text"/>

C. Site Zoning, Tax Assessment, and Special Economic Development Districts

Is site within incorporated municipal limits? (YES/NO)		no
1. If so, what municipality?		
If the site is NOT within an incorporated municipality, how far is it to the boundary line of the nearest incorporated area (miles)? What is the name of the incorporated municipality/city/town?		0.60 miles / Slidell, LA
Is the site within a zoning district? (YES/NO)		
If YES, contact name, agency name, address and phone of zoning authority.		Sidney Fontenot (Director of Planning), St. Tammany Parish Planning Department, 21490 Koop Drive, Mandeville, LA 70471, 985-898-2529.
2. If zoned, briefly describe the property's current zoning classification?		I-1 Industrial District & I-2 Industrial District
If zoned, has a copy of the zoning regulation been attached? (YES/NO)		yes - Exhibit #3 - Johnny F. Smith Business Park - STP Land Use Zoning Map -Ward 8, Exhibit #4 - Johnny F. Smith Business Park - Enlarged Site Plan, Exhibit #5 - Johnny F. Smith Business Park - I-1 Industrial District, & Exhibit #6 - Johnny F. Smith Business Park - I-2 Industrial District
If zoning regulation is attached, include Exhibit# and name of document.		
3. Are there any restrictions on noise level? (YES/NO)		
If YES, please describe:		n/a
Are there any height restrictions? (YES/NO)		
If YES, please describe:		yes
4. Describe any land use restrictions (e.g., hours of operation)		No building or dwelling for residential or business purposes shall exceed forty-five (45) feet in height above natural grade of the property at the location of the structure or base flood elevation as established in Flood Ordinance 791, whichever is higher.
5. Describe any restrictions outside of current zoning - See Exhibit #'s 5 - Johnny F. Smith Business Park - I-1 Industrial District & Exhibit #6 - Johnny F. Smith Business Park - I-2 Industrial District.		
6. Can any required city/parish re-zoning permits or other required permits be issued within 180 days? (YES/NO)		yes
7. Are adjacent properties zoned the same as the site? (YES/NO)		no

Please describe previous and current uses of the adjacent sites and planned projects. Please note any nearby schools, churches, or residential developments.		
North: A-2 Suburban District		
East: HC-3 Highway Commercial District		
South: I-1 Industrial District		
West: A-2 Suburban District		
8.		
9.	What is the current property tax millage applied to the site? Include units (per acre, etc.)	154.48 - see Exhibit #7 - Johnny F. Smith Business Park - 2011 Property Tax Statement
10.	What is the current assessed valuation of the site?	\$1,050 - see Exhibit #7 - Johnny F. Smith Business Park - 2011 Property Tax Statement
11.	Has a copy of the latest assessment been provided with this application? (YES/NO)	yes
	If YES, include Exhibit# and name of document.	See Exhibit #7 - Johnny F. Smith Business Park - 2011 Property Tax Statement
12.	Is the site located within a Foreign Trade Zone? (YES/NO)	no
13.	Is the site located within a Renewal Community? (YES/NO)	no
14.	Is the site located within a Louisiana Enterprise Zone? (YES/NO)	no

D. Existing Structures on-site

	Buildings	Size (sq ft)	Year Built	Latest use	Included in sale (YES/NO)
1.	none				
Paved surfaces					
2.	none				
Fences					
3.	none				
Are there any cemeteries located on the site? (YES/NO)					no
4. If YES, please describe.		n/a			
Can any structures not included in the sale be removed within 180 days? (YES/NO)					n/a
If current and existing structures will be removed, does a 180-day work plan exist to remove structures? (YES/NO)					n/a
5. If YES, include Exhibit# and name of document.					

E. Land Transferability and Encumbrances

Has a copy of the deed been included with this application? (YES/NO)		
<p>NOTE: Deeds that have no deed restrictions are not required documents; deeds with any form of easements, limitations of use, or other encumbrances must be attached as an exhibit.</p>		yes
1.	If YES, include Exhibit# and name of document.	Exhibit #8 - Johnny F. Smith Business Park - Recorded Copy of Deed
2.	Has the required boundary/property survey been included with this application? (YES/NO)	yes
	If YES, include Exhibit# and name of document.	Exhibit #9 - Johnny F. Smith Business Park - Boundary Survey
	List and describe rights-of-way (include property survey indicating rights-of-way). Feel free to attach as a separate Exhibit if lengthy.	
	Include Exhibit # and name of document if attached as a separate document.	
3.	Right-of-way with access easement to United Gas Pipeline Company (Boardwalk) registered at COB 478, folio 24; Right-of-way to St. Tammany Parish Police Jury for drainage of Bayou Vincent registered at COB 205, folio 343; and Right-of-way to United Gas Pipeline Company (Boardwalk) registered at COB 177 - See Exhibit #10 - Johnny F. Smith Business Park - United Gas (Boardwalk) Pipeline ROW & Exhibit #1 - Johnny F. Smith Business Park - Title Insurance Records	
	List and describe other easements (include property survey indicating easements)	
	Include Exhibit # and name of document if attached as a separate document.	
4.	Right-of-way with access easement to United Gas Pipeline Company (Boardwalk) registered at COB 478, folio 24 - See Exhibit #10 - Johnny F. Smith Business Park - United Gas (Boardwalk) Pipeline ROW & Exhibit #1 - Johnny F. Smith Business Park - Title Insurance Records	
	List and describe any liens against the property.	
	Include Exhibit # and name of document if attached as a separate document.	
5.	None	
	List and describe any judgments impacting development of the site.	
	Include Exhibit # and name of document if attached as a separate document.	
6.	None	

7.	<p>List and describe any restrictive covenants.</p> <p>Include Exhibit # and name of document if attached as a separate document.</p>
	None
8.	<p>List and describe other encumbrances.</p> <p>Include Exhibit # and name of document if attached as a separate document.</p>
	None

F. Fire Protection Rating and Proximity to Emergency Medical Care

1.	Is the site within the coverage area of a fire department? (YES/NO)	Yes
2.	Name of agency or other provider of fire protection services to the site	St. Tammany Parish Fire District
3.	Rating of fire service provider	4
4.	Distance to fire station (miles)	2.32
	Name of Fire Station providing services to the site	Station 17
	Distance to emergency medical care (miles)	3.1
5.	Name and brief description of nearest emergency medical care facility:	<p>Slidell Memorial Hospital -Slidell Memorial Hospital (SMH) is a full service community general acute care governmental not for profit hospital founded in 1959. The facility is licensed for 182 beds and has an active medical staff compliment of over 100 physicians. Inpatient services include acute medical and surgical care, intensive medical and surgical care, and physical rehabilitation. The hospital's inpatient census averages 111 per day. The hospital operates a 24 hour-a-day Emergency Room, which sees approximately 25,000 patients per year. Services include major and minor general surgery, diagnostic and interventional cardiac catheterization laboratory, open heart surgery, full service diagnostic imaging, medical oncology services, radiation oncology services and laboratory.</p>

II. Utilities and Infrastructure

A. Potable Water Infrastructure

1.	Has a site map indicating the location of all existing water utilities been provided with this application? (YES/NO)	No		
	If YES, please include Exhibit# and title of document.			
2.	Company/agency name, address and phone of provider of potable water to the site	Resolve Systems, Inc. 640 Brownswitch Road Slidell, LA 70460 Steve Ernst - 985-649-3776		
3.	Distance to the closest potable water line to service the site (feet) (Note: The line must be within 2,500 feet of the site or a construction plan and cost estimate must be attached to this application.)	300 feet		
4.	Size of potable water line closest to the site (inches in diameter)	8"		
5.	Static and residual pressures of the potable water line closest to the site	Static 50	Residual 30	
6.	Source of potable water (lake, well, other source)	water well		
7.	Total potable water system capacity (millions of gallons per day)	1 mgd		
8.	Current average daily use of the water system (millions of gallons per day)	0.4		
9.	Peak demand (millions of gallons per day)	0.6		
10.	Excess capacity of the existing water system (millions of gallons per day)	0.6		
11.	Has a letter from the provider confirming the excess capacity been provided with this application? (YES/NO)	no		
	If YES, include Exhibit# and name of document.			
12.	Distance to closest elevated potable water storage tank (miles)	n/a		
13.	Capacity of closest elevated potable water storage tank (gallons)	n/a		
14.	Distance to the appropriate booster station (miles)	n/a		
15.	Is or will there be adequate pressure and flow at site to combat fires? (YES/NO)	yes		

<p>Has a plan to improve or upgrade the existing potable water system (including construction budget and schedule) been provided with this application? (YES/NO)</p> <p>If YES, include Exhibit# and name of document.</p>	<p>n/a</p>
<p>16. If YES, can this plan be executed within 180 days? (YES/NO)</p>	
<p>If the plan can be implemented within 180 days, what is the basis for this assertion? Discussions with water company? Engineering schedule? Contractor discussions?</p>	<p>n/a</p>
<p>n/a</p>	<p>n/a</p>

B. Wastewater Infrastructure

1. Has a site map indicating the location of all existing wastewater utilities been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.	no
2. Provider of sewer service (company name, municipal name, etc.). Include name, address, phone number and contact name, as appropriate.	
3. Distance to the closest wastewater collection line to service the site (feet) (Note: Line must be within 2,500 ft or a construction plan and cost estimate must be attached.)	300 feet
4. Size of wastewater collection line closest to the site (inches diameter)	8 inch
5. Is there a force main at or near the site? (YES/NO)	yes
6. Capacity of nearest lift station (gallons/day)	unknown
7. NPDES permit number of sewer provider	LA0050351
8. Total capacity of wastewater system (gallons/day)	1,000,000
9. Current average daily use of wastewater system (gallons/day)	600,000
10. Peak load on wastewater system (gallons/day)	750,000
11. Excess capacity of wastewater system (gallons/day)	400,000
12. Has a letter from the provider confirming the excess capacity been provided with this application? (YES/NO)	no
If not, what is the basis for the excess capacity assertion?	verbal confirmation
13. What are the pre-treatment requirements to discharge to the wastewater system? If lengthy, please include the pretreatment requirements as a separate attachment. If included as a separate document, please include Exhibit# and title of document here. pretreatment to be determined based upon type of development.	

<p>14.</p> <p>Has a plan to improve or upgrade the existing wastewater system (including construction budget and schedule) been provided with this application? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document.</p> <p>If YES, can this plan be executed within 180 days? (YES/NO)</p>	<p>no</p>	<p>n/a</p>
<p>15.</p> <p>Has a plan to establish an on-site wastewater treatment facility been provided with this application? (YES/NO)</p> <p>If YES, please include the Exhibit# and title of document.</p>		<p>no</p>

C. Electricity Infrastructure

<p>1. Has a site map, with the site clearly outlined, indicating the location of all existing electrical lines been provided with this application? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document.</p>	<p>yes Exhibit #11 - Johnny F. Smith Business Park - CLECO Electrical Power Services Location Map</p>
<p>2. Local provider of electrical power (company name, address, phone and contact person, as appropriate)</p>	<p>Cleco Power, LLC 2900 E. Causeway Approach Mandeville, LA 70448 Mike Sibley (985) 624-3236 (318) 308-1273 Cell</p>
<p>3. Distance to provider's nearest distribution line (feet)</p>	<p>300 feet</p>
<p>4. Size of provider's nearest distribution line (kV)</p>	<p>13.2 KV</p>
<p>5. Distance to nearest transmission line equal to or greater than 69 kV (miles)</p> <p>Is 3-phase service available at the site today? (YES/NO)</p> <p>(Note: If existing 3-phase service is not available at the site, certification will require submission of a formal cost estimate, construction plan and funding source to meet the minimum level of service within a timetable of 180 days or less.)</p>	<p>0.56 miles</p> <p>Yes</p>
<p>6. If 3-Phase is NOT available at the site, include Exhibit# and title of document containing the plan to install 3-phase.</p>	<p>n/a</p>
<p>What additional services are to be included with this upgrade?</p>	<p>n/a</p>
<p>Can these plans be executed within 180 days? (YES/NO)</p>	<p>n/a</p>
<p>7. Is dual feed available? That is, can the site be supplied power from two substations such that if one substation has an outage, the site still has power? (YES/NO)</p>	<p>Yes with upgrade</p>
<p>8. Peak load capacity available at site (MW)?</p>	<p>15 MW</p>
<p>9. Distance to nearest substation to serve the site (miles)</p>	<p>0.56 miles</p>
<p>10. Distance to the next closest substation to serve the site (miles)</p>	<p>2.5 miles</p>

D. Natural Gas Infrastructure

Has a site map, with the site clearly outlined, indicating the location of all existing natural gas lines near/adjacent to the site been provided with this application? (YES/NO)				1.	No
If YES, please include Exhibit# and title of document.					
Local supplier of natural gas (Company/agency name, address, phone and contact name, as appropriate)				2.	Atmos Energy Corp. 68388 Compass Way E. Mandeville, LA 70471 Joe Riehlmann 985-276-6004
Distance to nearest distribution service line (NOT transmission line) (feet)				3.	approximately 1,200 feet
Size of distribution service line (inches)				4.	2 inches
Pressure of distribution service line (psi)				5.	60-90 psi
If the distribution line is not on or immediately adjacent to the site, has a plan to extend the line (including construction budget and schedule) been provided with this application? (YES/NO)					No
If YES, please include Exhibit# and title of document.					
If the line needs to be extended to the site, can this plan be executed within 180 days? (YES/NO)				6.	Yes
What is your basis for asserting that the plan can be completed in 180 days? Engineering/construction estimate? Letter from natural gas supplier? etc.					
Service would be provided in accordance with Atmos Energy's approved tariff with LA Public Service Commission					
Transmission provider of natural gas		7.			
Boardwalk - Gulf South					
Distance to nearest transmission line (NOT distribution line) (miles)				8.	on site
Size and pressure of transmission line (inches and PSI)				9.	3" & 4" lines - >250PSI
Are any known transmission or distribution upgrades or infrastructure improvements planned that will impact service to the site? (YES/NO)				10.	no

	List and describe services to be upgraded or improved.
n/a	n/a
11.	Can these plans be executed within 180 days? (YES/NO) If so, what is the basis for this assertion?
n/a	n/a

E. Local Product Pipeline Crossings

1.	Do any pipelines of any type (natural gas, water, crude oil, etc.) cross the site? (YES/NO)	<p>If YES, has a site map, with the site clearly outlined, indicating the location of any existing or proposed underground (or above-ground) product pipelines been provided with this application? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document.</p>	<p>yes - See Exhibit #1 - Johnny F Smith Business Park Title Insurance Records, Exhibit #9 - Johnny F. Smith Business Park - Boundary Survey, Exhibit #10 - Johnny F. Smith Business Park - United Gas (Boardwalk) Pipeline ROW, & Exhibit #12 - Johnny F. Smith Business Park - Boardwalk Pipeline Crossing Location Map</p>
	Pipeline owner		United Gas Pipeline Company (Boardwalk)
2.	Primary contents of pipeline	Natural Gas	
	Pipeline owner		
3.	Primary contents of pipeline		
	Pipeline owner		
4.	Primary contents of pipeline		
	Pipeline owner		
5.	Primary contents of pipeline		
	Pipeline owner		
6.	Primary contents of pipeline		
	Pipeline owner		

F. Telecommunications Infrastructure

<p>1. Has a site map indicating the location of all existing telecommunications lines been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>No</p>
<p>2. Local provider of telecommunications services (Company, name, address, phone and contact name, as appropriate)</p>	<p>AT&T 72337 Industry Park Covington, LA 70435 Keith Davis 985-898-5863</p>
<p>3. Distance to provider's nearest telecommunications line (feet)</p>	<p>2,000 feet</p>
<p>4. Distance to nearest central office (CO) serving the site (miles)</p>	<p>4.5 miles</p>
<p>5. Is digital switching available at the site? (YES/NO)</p>	<p>yes</p>
<p>6. Is fiber optic cable currently available at the site? (YES/NO)</p>	<p>Phase 1 - yes /Phase 2 - no</p>
<p>7. Are T-1 lines available at the site? (YES/NO)</p>	<p>Phase 1 - yes /Phase 2 - no</p>
<p>8. Are T-3 lines available at the site? (YES/NO)</p>	<p>Phase 1 - yes /Phase 2 - no</p>
<p>9. Is cellular or PCS wireless service available at the site? (YES/NO)</p>	<p>yes</p>
<p>10. Is satellite or commercial grade with an unobstructed view of the sky available at the site? (YES/NO)</p>	<p>yes</p>
<p>11. If a plan is underway to improve telecommunications at/hear the site, has a copy of the plan to improve the existing telecom lines or systems (including construction budget and schedule) been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>no</p>
<p>If a plan has been developed, which services are to be included:</p>	

n/a	Can these plans be executed within 180 days? (YES/NO) If YES, what is the basis for this assertion? n/a
-----	--

G. Roadway Transportation Infrastructure

1.	Has the required site map, with the site clearly outlined, indicating the location of all existing roadways abutting or crossing the site been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.	yes - Exhibit #13 - Johnny F. Smith Business Park - Aerial Site Location Map and Exhibit #14 - Johnny F. Smith Business Park - Roadway ROW Access Location Map				
		Nearest roadway	Roadway number	Distance from site (road miles)	Number of lanes	Width of lanes
		Parish road	J. F. Smith Ave.	0.038	2	12
		State highway	LA 1091 - Robert Road	2.29	2	12
2.	U.S. highway	US11	0.45	3	12	
		North-south Interstate highway	I-59	2.99		
		East-west Interstate highway	I-12	1.15		
3.	Can parish road sustain HS20 capacities (3-4 axle vehicles, such as semi-trucks and trailers)? (YES/NO)				yes	
4.	What is the weight limit of the parish road?				gross weight 12 tons or 8 tons per axle	
5.	Can state highway sustain HS20 capacities (3-4 axle vehicles, such as semi-trucks and trailers)? (YES/NO)				yes	
6.	What is the weight limit of the state highway?				gross weight 40 tons or 11 tons per axle	
7.	Is access to site controlled by a traffic light? (YES/NO)				no	
8.	Are there any known improvements planned for local roadways? (YES/NO). If YES, please complete the blocks below.	Local roadway to be improved	Description of improvement, including controlling or funding authority	Schedule	no	

	n/a		
9.	Are there any known road improvements planned that will impact access to the Interstate highway? (YES/NO)		
	If YES, how long will access to the Interstate be impacted?	n/a	no
	Are any roadway improvements required to access the site? (YES/NO)		
	If YES, please describe required improvements.	Roadway connection to J.F. Smith Avenue	yes
	If YES, is there a state or local commitment to making these improvements? (YES/NO)		
	Do any rights-of-way need to be obtained to access the site? (YES/NO)		no
11.	If YES, please describe Right-of-Way needs.	n/a	
	If YES, what is the time schedule for obtaining these rights-of-way?		n/a

H. Air Transportation Infrastructure

1. Name and address of nearest commercial airport with scheduled passenger service		Louis Armstrong New Orleans Intl Airport Air Service Development P.O. Box 20007 New Orleans, LA 70141 504-303-7515	
2.	Distance in road miles to the nearest commercial airport	47 miles	
3.	Average travel time to nearest commercial airport	1 hour	
4.	Number of air carriers serving nearest commercial airport	10	
5.	Is direct international passenger service available at this airport? (YES/NO)		yes
6.	Is international passenger service available within a two-hour flight? (YES/NO)		yes
7.	Is international cargo service available? (YES/NO)		yes

H. Air Transportation Infrastructure

1. Name and address of nearest commercial airport with scheduled passenger service	Gulfport-Biloxi International Airport 14035-L Airport Road Gulfport, MS 39503 866-4GPTBLX www.FlyGPT.com See Exhibit # 15 - Gulfport-Biloxi International Airport Guide	
2. Distance in road miles to the nearest commercial airport		46 miles
3. Average travel time to nearest commercial airport		50 minutes
4. Number of air carriers serving nearest commercial airport	5	
5. Is direct international passenger service available at this airport? (YES/NO)	no	
6. Is international passenger service available within a two-hour flight? (YES/NO)	yes	
7. Is international cargo service available? (YES/NO)	yes, indirectly	

1. Rail Infrastructure

1.		Is the site currently served by rail? (YES/NO) (Is there a rail spur currently on the site or adjacent to the site?)	(Is there a rail spur currently on the site or adjacent to the site?)	no
2.		Name of nearest freight railroad line?	Norfolk Southern Corporation	
3.		Distance to the nearest freight railroad line (miles)		0.28
4.		Second closest freight railroad line	Norfolk Southern Corporation	
5.		Distance to the second closest freight railroad line (miles)		0.28
6.		Location of nearest intermodal rail yard	New Orleans, LA	
7.		Distance in rail miles to nearest intermodal rail yard		30 miles
8.		If rail does not serve the site, has a plan to provide service (including construction budget, construction plan, and source of funding) been attached? (YES/NO)	no	
			If YES, please include Exhibit# and title of document.	
		In what time frame (number of months) can rail service to the site be provided?	n/a	
			What is the basis for this assertion? Engineering estimate? Letter from rail company? etc.	
		n/a		
9.		If rail is not currently on or adjacent to the site, do rights-of-way (ROW) exist for extension of rail line to site? (YES/NO)	no	
			Do these rights-of-way cross federal, state, or parish roadways? (YES/NO)	
			n/a	
10.		What party is responsible for ongoing maintenance of line extended to the site?	Industry would be responsible for the track. Railroad would be responsible for the maintenance of the switch.	

J. Water Transportation Infrastructure

1.	Name, address, phone and contact name (as appropriate) of nearest shallow draft port	Jim Hankins - hankinsj@portno.com Berthing Department - Port of New Orleans P.O. Box 60046 New Orleans, LA 70160 (504) 528-3216 See Exhibit #16 - Johnny F. Smith Business Park - Port of New Orleans Vicinity Map
2.	Name of waterway at shallow draft port	Inner Harbor - Navigational Canal
3.	What water depth is maintained at the port? (feet)	30
4.	Distance in road miles to nearest shallow draft port	28 miles - See Exhibit #16 - Johnny F. Smith Business Park - Port of New Orleans Vicinity Map
5.	Does the site currently have barge docking facilities? (YES/NO)	yes
6.	Name, address, phone and contact name (as appropriate) of nearest deepwater port	Jim Hankins - hankinsj@portno.com Berthing Department - Port of New Orleans P.O. Box 60046 New Orleans, LA 70160 (504) 528-3216
7.	Name of body of water at deepwater port	Mississippi River
9.	Distance in road miles to nearest deepwater port	36 miles
10.	Does the site currently have deepwater vessel docking facilities? (YES/NO)	yes

K. Geography and Geological Assessment

<p>1. Has the required U.S. Geological Survey quad map, with the site clearly outlined, been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #17 - Johnny F. Smith Business Park - USGS Quad Map</p>
<p>2. Has the required Soils Conservation Service (SCS) map, with the site clearly outlined, been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #18 - Johnny F. Smith Business Park - Soils Conservation Service Map</p>
<p>3. Has the required National Wetlands Inventory (NWI) map, with the site clearly outlined, been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #19 - Johnny F. Smith Business Park - National Wetlands Inventory Map</p>
<p>4. Has the required FEMA 100-year flood plain map, with the site clearly outlined, been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #20 - Johnny F. Smith Business Park - FEMA Flood Plain Map</p>
<p>5. Minimum topographical elevation (ft, MSL)</p>	<p>24'</p>
<p>6. Maximum topographical elevation (ft, MSL)</p>	<p>17'</p>
<p>7. Topographical variation (maximum elevation minus minimum elevation) (ft)</p>	<p>7'</p>
<p>8. Indicate the general grade or percentage slope of the site.</p>	<p>0.008 or 0.8%</p>
<p>9. Described the general terrain of the site (e.g., flat, gently rolling, greatly sloping, etc.).</p>	<p>flat</p>
<p>10. Described the general type of vegetation on the site.</p>	<p>lawn, grass, scattered woods</p>

<p>Identify any bodies of water or wetlands on or abutting the site.</p>	<p>Identify authority with jurisdiction over water body.</p>
<p>11. Bayou Vincent</p>	<p>St. Tamammy Parish / USCOE</p>
<p>Has a copy of a preliminary geotechnical study been provided with this application? (YES/NO)</p> <p>Note: By "geotechnical study," we mean the study must have included soil borings by a licensed geotechnical contractor at the site or a nearby adjacent site. A GeoCheck report, while useful information, is not deemed sufficient to satisfy this criteria.</p>	<p>yes - Exhibit #26 - Johnny F. Smith Business Park - Geotechnical Report</p>
<p>12. If YES, please include Exhibit# and title of document.</p>	<p>yes</p>
<p>If YES, does the geotechnical study indicate that the site is compatible with industrial development? (YES/NO)</p>	<p>yes</p>
<p>If YES, does the study indicate the soils are suitable for building foundations and/or construction of on-site roadways?</p>	<p>yes</p>
<p>If YES, is soil augmentation required for construction of a "typical" 100,000 sq ft industrial manufacturing building? (YES/NO)</p>	<p>no</p>
<p>13. Depth to groundwater (ft)</p>	<p>no ground water encountered in soil borings - see Exhibit #26 - Johnny F. Smith Business Park - Geotechnical Report</p>
<p>14. Has the required color aerial photo (from the past 24 months, with the site clearly outlined, been provided with this application? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #13 - Johnny F. Smith Business Park - Aerial Site Location Map</p>

L. Environmental Assessment

<p>1. Has the required copy of the Phase I Environmental Assessment been included with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #21 - Johnny F. Smith Business Park - Phase 1 ESA</p>
<p>2. Was the result from Phase I "No Further Action"? (YES/NO) If NO, what additional recommendations were made?</p>	<p>yes</p>
<p>Do the findings of Phase I require a Phase II? (YES/NO)</p>	<p>no</p>
<p>3. If YES, has a Phase II environmental assessment been completed? (YES/NO) If a Phase II has been completed, has a copy of the Phase II assessment executive summary been provided with this application? (YES/NO) If YES, please include Exhibit# and title of document.</p>	<p>n/a</p>
<p>Was the result from Phase II "No Further Action"? (YES/NO)</p>	<p>n/a</p>
<p>4. Has the LA Dept. of Fish and Wildlife determined that development will not impact any endangered species? (YES/NO) Please include Exhibit# and title of document. Has the LA Dept. of Fish and Wildlife approved a plan to avoid impact to these species during development? (YES/NO)</p>	<p>yes - Exhibit # 22 - Johnny F. Smith Busienss Park - LADFW Coordination Act Letter</p> <p>n/a</p>
<p>5. If a wetlands determination has been conducted, has a copy of the wetland delineation/determination been provided with this application? (YES/NO) If a copy has been included, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #23 - Johnny F. Smith Business Park - Wetland Jurisdictional Letter & Map & Exhibit #24 - Johnny F. Smith Business Park - USCOE Wetland Permit</p>
<p>If a wetlands determination has been conducted, did it indicate the presence of wetlands and/or other waterways on site? (YES/NO)</p>	<p>yes</p>

<p>If wetlands are present, has a Corp of Engineers Sec 404 Permit Application been submitted? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #24 - Johnny F. Smith Business Park - USCOE Wetland Permit</p>
<p>If wetlands are present, has a Corp of Engineers Sec 404 Permit been received? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document.</p>	<p>yes - Exhibit #24 - Johnny F. Smith Business Park - USCOE Wetland Permit</p>
<p>If wetlands are present, have all wetlands on the site been mitigated? (YES/NO)</p> <p>If YES, please include Exhibit# and title of document showing signed agreement with wetlands bank or other substantiation.</p>	<p>yes - Exhibit #24A - Johnny F. Smith Business Park - Wetland Mitigation Agreement</p>
<p>Any other comments related to the possible presence of wetlands on site?</p>	<p>addressed in wetland permit - Exhibit #24 - Johnny F. Smith Business Park - USCOE Wetland Permit</p>
<p>6. Has the required State Historical Preservation Officer (SHPO) letter regarding the presence of historical or cultural artifacts on the site been provided with this application? (YES/NO)</p> <p>Note: The "SHPO" in Louisiana is the Louisiana Office of Culture, Recreation and Tourism (CRT), Division of Historic Preservation.</p> <p>Please include Exhibit# and title of document.</p>	<p>yes - Exhibit #25 Johnny F. Smith Business Park - LED SHPO Historic Properties Letter</p>
<p>Has the SHPO cleared the site for development? (Respond with "YES", or "No - Phase 1 Req'd")</p>	<p>yes</p>

Required Documents/Exhibits List

- 1. U.S. Geological Survey quad map **with the site outlined**
- 2. Color aerial photo from the past 24 months **with the site outlined**
- 3. Boundary survey (including rights-of-way and easements)
- 4. Copy of the deed or other documents, including parish, state or federal ordinances that would restrict construction or operations at the site of any type.
- 5. Topographical map **with the site outlined** (The USGS Quad map will satisfy this requirement if the topo/elevation data is clearly visible on the portion of the Quad map included as an exhibit.)
- 6. Roster of owners
- 7. Site map, **with the site outlined**, indicating the location of all existing roadways abutting and/or crossing the site
- 8. Site map, **with the site outlined**, indicating location of existing water, wastewater, electrical, natural gas, telecommunications and other utilities lines
- 9. USDA Natural Resources Conservation Service Web Soil Survey map **with the site outlined**
- 10. National Wetlands Inventory (NWI) map **with the site outlined**
- 11. If 10% or more of a site is thought to be wetlands, a wetlands delineation must accompany submission. (It must be completed by a Professional Wetlands Scientist (PWS) or, as a minimum, someone who has been thru the Army Corps' Wetland Delineation course.)

The submitted wetlands delineation does not have to be a "jurisdictional wetlands determination," that is, a delineation officially approved by the Corps of Engineers. Nor is a Corps of Engineers 404 wetlands permit required. However, if a permit or jurisdictional wetlands delineation has been completed, a copy of the wetland determination or Corps of Engineers wetlands permit should be submitted with the application.
- 12. FEMA flood plain map **with the site outlined**
- 13. Phase I environmental assessment (must be within the last 5 years for active sites and no older than 10 ten years for sites with no prior use other than agriculture/farming.)
- 14. If a Phase II environmental assessment has been completed, a copy of a Phase II assessment report in its entirety.
- 15. La. Dept. of Fish and Wildlife (LDFW) determination – A letter from LDFW indicating that development will or will not impact any endangered species.
- 16. State Historical Preservation Officer (SHPO) letter regarding the presence of historical or cultural artifacts on the site. The letter from SHPO will indicate that the site is cleared or may indicate that further evaluation is required.

Desired Documents List

- 17. Copy of the deed, if not required above
- 18. Copy of title abstract
- 19. Copy of the latest property assessment from the parish assessor
- 20. Copy of a geotechnical study for the site or any nearby property
- 21. If applicable, a plan to improve or upgrade the existing potable water system to meet 50 thousand gal./day certification threshold (including construction budget & schedule)
- 22. Letter from the local water provider confirming excess potable water capacity.
- 23. If applicable, a plan to improve or upgrade the existing wastewater system to meet 50 thousand gal./day certification threshold (including construction budget & schedule)
- 24. If applicable, a plan to extend existing electrical lines, or upgrade current system, to meet 3-phase certification threshold (including construction budget & schedule)
- 25. If applicable, a plan to extend the natural gas line (including construction budget & schedule)
- 26. If applicable, a plan to extend and/or improve the existing telecom lines or systems to meet certification threshold (including construction budget & schedule)
- 27. If applicable, a plan to provide service rail service to the site (including construction budget and schedule)

(Last revision: April 2012)
