Re: Draft Report  
LA Division of Archaeology Report No. 22-4926  
*Phase I Cultural Resources Survey of the 379 AC (153.4 HA) Moseley South Tract  
Pointe Coupée Parish, Louisiana*

Dear Dr. Kelley:

We acknowledge receipt of your letter dated 22 April 2015 and two copies of the above-referenced report. We have completed our review of this report and have the following comments.

- The abstract has a few typos where 16PC124 is mislabeled as 16CP124 and the last sentence has Mosely North instead of Mosely South.
- Please revise the statement on pages 1 and 130 that mentions the submission of a draft report prior to the current submission. While the request for additional survey coverage is applicable to this report, it should be made clear that only one draft of 22-4926 was received and the initial request for further survey was made for report 22-4914.
- The fourth paragraph on page 126 uses the incorrect site number.

We concur that site 16PC124 shall be avoided or tested for eligibility for nomination to the National Register of Historic Places prior to future construction. We also concur that site 16PC125 is not eligible for nomination to the NRHP.

We look forward to receiving two bound copies of the final report, along with a pdf of the report. If you have any questions, please contact Paul French in the Division of Archaeology by email at [pfrench@crt.la.gov](mailto:pfrench@crt.la.gov) or by phone at 225-342-8166.

Sincerely,

Pam Breau  
State Historic Preservation Officer
