Mr. Tedmund Habet  
Berard, Habetz & Associates  
117 Iberia Street  
New Iberia, Louisiana 70560

Dear Mr. Habet:

Reference is made to your request, on behalf of Acadiana Regional Airport, for a U.S. Army Corps of Engineers' (Corps) jurisdictional determination on property located in Section 59, Township 12 South, Range 6 East, Iberia Parish, Louisiana (enclosed map). Specifically, this property is identified as tract P1 of the Acadiana Regional Airport.

Based on review of recent maps, aerial photography, and soils data, we have determined that this property is not in a wetland subject to Corps' jurisdiction. A Department of the Army permit under Section 404 of the Clean Water Act will not be required for the deposition or redistribution of dredged or fill material on this site.

This delineation/determination has been conducted to identify the limits of the Corps' Clean Water Act jurisdiction for the particular site identified in your request. This delineation/determination may not be valid for the wetland conservation provisions of the Food Security Act of 1985, as amended. If the property owner or tenant is a USDA farm participant, or anticipates participation in USDA programs, a certified wetland determination should be requested from the local office of the Natural Resources Conservation Service prior to starting work.

You and your client are advised that this approved jurisdictional determination is valid for a period of 5 years from the date of this letter unless new information warrants revision prior to the expiration date or the District Commander has identified, after public notice and comment, that specific geographic areas with rapidly changing environmental conditions merit re-verification on a more frequent basis.

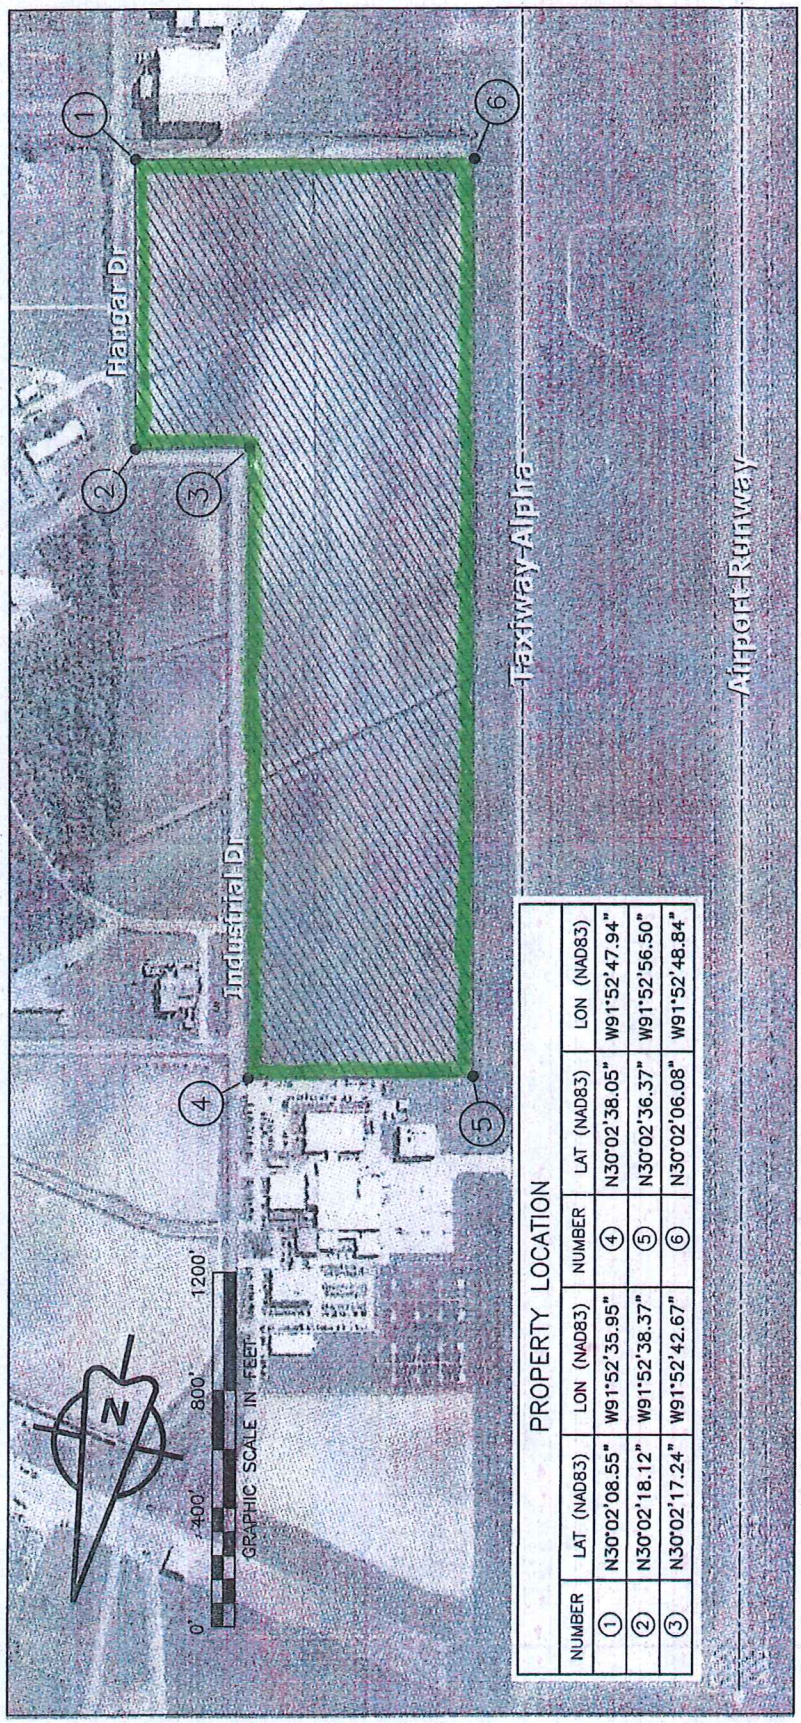

Should there be any questions concerning these matters, please contact Mr. Brad Guarisco at (504) 862-2274 and reference our Account No. MVN-2013-01219-SB. The New Orleans District Regulatory Branch is committed to providing quality and timely service to our customers. In an effort to improve customer service, please complete the survey on our web site at <http://per2.nwp.usace.army.mil/survey.html>.

Sincerely,

for Martin S. Mayer
