- General Notes:
1. No attempt has been made by CSRS, Inc. to verify site boundary, title, actual legal ownership, deed restrictions, servitudes, easements, or other burdens on the property, other than that furnished by the client or his representative.
 2. Transportation data from 2013 TIGER datasets via U.S. Census Bureau at <ftp://ftp2.census.gov/geo/tiger/TIGER2013>.
 3. Utility information is from visual inspection and/or the individual utility operators. Exact field location has not been determined by survey. The lines shown are an approximate representation only and may have been offset for depiction purposes.
 4. 2015 aerial imagery from USDA-APFO National Agricultural Inventory Project (NAIP) and may not reflect current ground conditions.

Title:

Is potable or process water currently available at this site?	What is the distance (feet) to the nearest potable or process water distribution line to service this site?	What is the size (inches in diameter) of the nearest line?
Yes No	(feet)	(inches)
What are the pressures of the water line at or nearest to this site?	Static:	Residual:
Source of potable or process water (lake, well, other source)		
What is the total potable/process capacity of the existing water system in millions of gallons per day (MGD)?		
What is the current average daily use of the existing water system in millions of gallons per day (MGD)?		
What is the peak demand on the existing water system in millions of gallons per day (MGD)?		
What is the excess capacity of the existing water system in millions of gallons per day (MGD)?		
Capacity of closest elevated potable water storage tank (gallons):		
Distance to closest elevated potable water storage tank (miles):	Distance to appropriate booster station (miles):	
Is or will there be adequate pressure and flow at site to combat fires?	Yes	No

Is a plan underway to improve services at or near this site within the next year? If so, please provide anticipated upgrades, location, and time for implementation.
